

ARTS IN EDUCATION FOR SCHOOLS

Jointly presented by
UT Tyler Cowan Center,
Young Audiences of
Northeast Texas &
The Discovery Science Place

Additional support for Arts in Education programs for schools provided by Cowan Center Members at the Director Level:
Herb & Melvina Buie,
Vernon & Amy Faulconer,
Connie & Virginia Hudson
and Punkin & Cotton Turner

Ignite your students' imaginations with live performances!

The arts increase cognitive and creative thinking skills. These programs offered by the Cowan Center bring integration into the classroom with educational materials provided with each performance.

Shows fill up fast, so order early!

MATHEMAGIC!®

Wednesday, April 29, 2015

9:30 AM Grades K-2 • 12:30 PM Grades 3-5

Internationally renowned mathe-magician, Bradley Fields, captivates audiences with his mind-boggling illusions, and teaches the surprising secrets behind some astonishing magic. Hailed as one of the preeminent shows for young people, **MATHEMAGIC!®** features world-class magic combined with comedy theatrics. Amidst the oohs, aahs, and laughter, Bradley Fields challenges, provokes, and elicits critical thinking. Kids (unknowingly!) practice classroom and problem-solving skills.
